PRIVATE INSTITUTIONS
FINANCIAL AID REPORT
2019**

This report consists of institution-level data on financial aid awarded to students at Maryland private institutions. Data contained in these reports are drawn from S-5 Financial Aid Information surveys. The collection is due each fall, and it represents the previous fiscal year's financial aid data. The delayed submission date for the data allows institutions to reconcile all financial aid data for the previous year.

Students may receive more than one award. The number of awards is the sum of awards made within each aid category. The unduplicated number of students is the number of students receiving at least one award within the given aid type. Aid awarded may not equal aid received; students may not take all aid awarded to them in a given year. All aid programs use a unique code. Those codes are used to create aid categories and to delineate graduate and undergraduate aid.

Small numbers (0 through 9) are suppressed and marked with an asterisk (*). These data are suppressed to protect student privacy. Complementary suppression may be used.

This report provides aid awarded by aid type (grant, scholarship, loan, and work study). Columns and rows can be totaled and subtoted, but users should anticipate that when summing, values with an * (suppressed value), the value calculated should be used as an estimate.

For questions, contact MHEC at rpa.mhec@maryland.gov.
